The Company's strength lies in its unique offerings of Pharmaceutical and Life Sciences products and services.

Our success is an outcome of strategic focus on the pharmaceuticals and life sciences industry, moving up the pharmaceutical value chain for products and services across geographies, constantly investing in various growth platforms and promoting a culture of innovation.

We are engaged in continuous improvement of products and processes to enhance the quality of production and cost competitiveness in order to build value for our customers. Jubilant Life Sciences serves its customers globally with sales in over 100 countries and ground presence in India, North America, Europe and China. We are well recognised as a 'Partner of Choice' by leading life sciences companies worldwide. Jubilant has relationship with 19 of Top 20 pharmaceutical companies and 6 amongst top 10 agrochemical companies across the globe.

Over the years, Jubilant Life Sciences has extended its footprint beyond India in the USA, Canada, Europe, and other countries across the globe. We have also expanded the business by building capabilities internally, through strategic expansions and acquisitions. This resulted in a network of 7 world class manufacturing facilities in India and 4 in North America and a team of around 8000 multicultural people across the globe with over 2400 in North America and ~1100 in R&D.

Our multi-location presence helps us in getting closer to customers and serving them better with the best in class products developed most efficiently, economically with speed to market. Jubilant Life Sciences' progress in diverse businesses has been made possible through the contribution of R&D; for quality, non-infringing process for product development and cost reduction through process innovation. Innovation at Jubilant is backed by strong chemistry, bio science

expertise and the knowledge bank created over the years. We have harnessed our strengths –a strong R&D team, modern R&D facilities, command over cheap technologies and economies of scale into a synergistic organic entity, continuously creating and nurturing high quality products and technologies.
